

Ruth Jama

Frontend Developer

San Pedro, Laguna
09156636554

SUMMARY

Seeking a challenging career to fit my qualification where I can share and improve my knowledge and skills for better services.

EXPERIENCE

Freelance- Frontend Developer

JUNE 2020 - PRESENT

Responsibilities: Create websites, create designs, create landing pages requested by clients.

Tools: HTML, CSS3, Javascript, Bootstrap

EDUCATION

Cavite State University, Carmona Cavite — B.S. in Information Technology

2015 - JUNE 2019

PROJECTS

Online Record Management and Appointment Scheduling System for Sta. Barbara Medical and Lying-in Clinic — College Thesis Development

- We create software development for our thesis development with client objectives.
- We used the RAD method for the software development life cycle.
- We developed the system for almost a year with three members including me.
- We deployed the system in a free webhost and to our client computer.
